COMMENTS FROM THE TOWN MANAGER'S OFFICE

There has been instances after the fire whistle has blown of persons dialing the Red Network number to inquire the location of the fire. The Red Network was installed for one purpose only and that is to report fires. Anyone dialing to know the location of a fire may get the information by driving to the Fire Station and checking the blackboard. When a call comes in the first one to the station write the location of the fire on the board for information to direct firemen who arrive after the truck has left.

Clifford Hillier who has served as Civilian Defense Director while he is to be replaced. He has stated that with his duties at Council he does not have the necessary time to attend to the office.

Frank Bean of Bryant Pond is the County Director and he would like to continue the monthly meetings with C.D. personnel in Bethel and surrounding towns. These meetings are held at the Bethel Selectmen's Office on the 2nd Wednesday of each month. It is desirable to have a local director so that we may have a local unit. It is not necessary to have a large unit but one that is organized and could spare a couple of hours time each month to attend the meeting. Also to be available in an emergency.

Sincerely,
Harold L. Bean

Sidney Littlefield, Native of Stoneham, Observed 100th Birthday Last Week

Sidney Littlefield a native of Stoneham, Maine, celebrated his 100th birthday in North Abington, Mass., Dec. 11.

Born in Stoneham, Dec. 11, 1857, Mr. Littlefield was the eldest of the four sons of John S. and Anna Russell Littlefield. Educated in the little red schoolhouse of his native town, Mr. Littlefield worked, as a young man, in Bryant Pond, and Stoneham, before moving to North Abington, Mass., many years ago, where he founded the well known Littlefield-Wyman Greenhouses, specializing in carnations, or as they were known then "pinkies," growing. Before leaving Maine he married Ethel Wyman of Bryant Pond, who died several years ago. One daughter Mrs. Theo. Nelson, who makes her home with her father, was born in this union.

Mr. Littlefield retired from active business some twenty years ago, but still retains his interest as unofficial advisor.

During the many years of activity in the growing of carnations, he originated many new varieties, one of the most outstanding ones being the Sidney Littlefield, well known throughout the trade.

The first observance of Mr. Littlefield's 100th birthday was a banquet of the Massachusetts Carnation Growers, held at the town hall in Tewksbury, Tuesday evening. The guest of honor was presented with the first Sidney Littlefield award for outstanding achievement in carnation growing. This award is in the form of a sterling silver fruit bowl properly inscribed. One of these awards will go each year, if earned, to some deserving grower of carnations. This is made possible through the Sidney Littlefield Foundation, established by the Carnation Growers Association. Mr. Littlefield was also presented an elegant easy chair at the banquet.

Mr. and Mrs. Walton Wyman entertained Mr. Littlefield and his daughter, Mrs. Nelson, at a dinner party at their home in North Abington, Wednesday night. Also present were Harry Littlefield, a nephew, and Mrs. Littlefield; Mrs. Harry Swift, a niece, and Mr. Swift, all of Locke Mills, Maine; Mr. and Mrs. Burton M. John, Leicester, Mass., and Mrs. Olive Elliott of Marblehead.

At 7:30 p.m. the townspeople joined in a reception at the first Baptist Church of North Abington, where he has served for many years as Deacon, Sunday school teacher and choir director. After a program under the direction of Lloyd Hathaway, the honor guest was presented with a beautiful floor lamp, a purse of one hundred dollars, from all the churches in the town, an electric shaver from the Littlefield-Wyman employees, a large portrait of himself with copies of papers from the Baptist Church, presented by Lloyd Hathaway inscribed "Presented to Sidney Littlefield, servant of the Lord to express our esteem to you and to recognize your more than fifty years of devoted service as member, teacher and deacon of our church, we present this to you on your 100th anniversary." Personal letters of congratulation from President Eisenhower and the Governor of Massachusetts were read.

Refreshments were served in the church recreation room to some 250 people. A program of music was enjoyed, the Central Alley boys also had a new season high for Holy Name Choir of St. Helgata's church.

The only record still holding is were Mrs. Rupert Farnum, a niece of Mr. Farnum, and Mr. and Mrs. Harris Highway, all of Bryant Pond.

State Police and Highway Safety Committee Plan For Accident Prevention

Col. Robert Marx, State Police chief, and Brian M. Jewett, chairman of the Maine Highway Safety Committee, has announced that plans have been made to carry out Governor Muskie's directive for an all-out accident-prevention program during the Christmas-New Year holiday period.

"Special enforcement techniques will be employed during this critical traffic period," said Col. Marx. "Obviously, every available trooper will be assigned to patrol duty. The recent addition of 25 men to the force will increase the impact of the 'round-the-clock' State Police patrol."

Included among "special enforcement techniques," Col. Marx listed road blocks, saturation patrols, and plainclothes spotters. He also stated that license and registration inspection will be a regular feature of the program.

Chairman Jewett, heartily in accord with the intensive enforcement effort during the holidays, said:

"We know, from previous experience, that the driving public is wholeheartedly in favor of such stepped-up enforcement programs during times of unusual traffic danger. The public response to the traffic war in September of 1955 was overwhelmingly encouraging. The average motorist appreciates the fact that traffic violators—the speeder, the drunken driver, and the reckless driver—present a very real and terrible threat to the lives and safety of everyone on the road, and he welcomes and supports enforcement efforts which will serve to rule these non-conformists off the road."

"As chairman of the Maine Highway Safety Committee, I urge county and local enforcement groups to continue their safety efforts and to intensify their enforcement programs during this holiday period. Finally, I earnestly entreat every driver and every walker to be his own traffic policeman. Voluntary compliance with the law and with common sense safety rules is the real answer to the problem."

BETHEL P. T. A.

The fourth meeting of Bethel P. T. A. was held on Dec. 17 with 23 members and friends in attendance.

The projects for the money earned for the year to be spent on were discussed among the group. These projects were: to have on the last P.T.A. meeting Olive Larvey would appreciate donations of good used clothing for children.

The next meeting will be on Jan. 14. This is to be combined with the Health Council. Dr. Easton of Norway is going to speak on fluoridation.

With Mrs. Myers told the group that in August the National Elementary School Principals are going to hold their convention here in Bethel. Some of the staff of the N.T.L. are also going to attend in a leadership capacity.

Mr. Myers spoke briefly on education before conducting business sessions of which he has had much experience. He presented some interesting subjects pertaining to the Bethel schools from which each group could choose. There were many ideas gained from these small group discussions and presented to the whole group at the end.

SOMETHING IMPRACTICAL

PLEASE

The Christian Science Monitor: Comes now the season of the outlandish as well as the sensible in Christmas gifts. Not that we've seen so many fantastic items this year as some years, but they are there in the metropolitan advertisements. Something for the relative who "has everything" or for the executive whose shopping list must start with a diamond necklace.

There is for cold-drink glasses a set of coasters trimmed in milk at \$3.50 each, plus tax. There is a bracelet charm, solid gold, in the shape of a kitchen sink—for the woman not too familiar with the enameled original. And of course, such items as a \$50 pair of cufflinks, a jewel-studded pencil for \$100, an 18th-century chandelier marked down from \$15,000 to \$12,000, and for \$44,000 a pin that looks for all the world like a beetle. All these things presumably have their places. We are most reminded, however, of the story of a sweet little lady who had spent her quota of years cherishing whatnots of brie-a-brac and who was asked by her grandchildren what they could give her for a remembrance. Her answer was, "A kiss; I won't have to dust that."

There's never been an engine-drive combination like this one!

Chevrolet's Turbo-Thrust V8* introduces a radical new slant on engine efficiency with the combustion chambers located in the block rather than in the head. TurboGlide*—the other half of the team—is the only triple-turbine automatic drive in Chevy's

field. It takes you from a standstill through cruising in a single sweep of motion. Harness these triple turbines to a 250-h.p. Turbo-Thrust V8—or the 280-h.p. Super Turbo-Thrust*—and you step out instantly in any speed range. Nothing else on the road goes into action so quickly, so smoothly. Your Chevrolet dealer has the combination!

*Optional at extra cost.

SCHOOL NEWS

Mr. Gunther's Grade
Our Christmas decorations are all up. For the sixth year in a row Tom Chadbourn brought our Christmas tree. We have begun our study of geometrical designs. They're lots of fun but Oh! why won't those lines meet in the proper places?—Book reports are due Wednesday.—Vacation is coming. Just think, no school for two weeks. Merry Christmas and a Happy New Year!

Grade 6—Mrs. Doris Lord
Last week we finished our Christmas decorations. Some of my classmates did a number of hand-painted Christmas murals and pictures on walls and windows. We also made some Christmas gift posters for friends and relatives.

We received a Gold Star for our penmanship. Mrs. Lord was quite pleased with us.—This Friday we will have a Christmas party. We will sing songs, have choral readings and also gifts.—Our new plastic globe arrived last week! We are grateful to those who bought subscriptions to Farm Journal.—This week we started our study of Alaska. This I have found, is a very interesting subject. Corey Brown brought some very unique things from Alaska. Totem poles, miniature of course, some polished

mas season. Gifts were exchanged in a novel way by drawing of numbers. A very pleasant evening was had by all.

To Hold Chain Saw Clinic At West Bethel Saturday

All chain saw owners and users are invited to attend a chain, bar and sprocket maintenance clinic Saturday, Dec. 21, at the West Bethel Grange Hall, 10 a. m. and 2 p. m. An Oregon saw chain factory representative, Norman Bjornstad, will conduct the clinic and will demonstrate correct chain filing methods.

He will also show chain saw users proper maintenance techniques for saw bars and sprockets. Actual log cutting demonstrations will prove how the chain saw user can cut faster and have less trouble with his saw if he follows factory recommendations.

Several local chain saw dealers are cooperating to sponsor the clinic and the Bethel chain saw dealers are in charge of the program. They say that anyone who uses a chain saw can profit by attending and that free coffee and doughnuts will be available all day during the chain clinic.

SOCIAL SECURITY OFFICIAL AT NORWAY MONDAY

John M. Deale, District Manager, also pointed out that persons coming to the Norway Post Office to discuss Social Security problems should bring with them any letters they may have received from the Social Security Administration in Lewiston. This will enable Social Security personnel to give quicker and more complete service.

GOVERNMENT SINKS

The first sink of

brought forth several Good Outing Club members to prepare the enlarged skating rink for future use. Actually there will be little time or opportunity to use this facility until vacation, but the local students will probably find great use for it during their holidays.

With the advent of another sink at the Crescent Park School, it seems wise to make a few restrictions as follows. After the Christmas holidays this schedule will be in effect:

Saturday 10:00-11:30 a. m. Hockey playing when there is a sufficient number of boys.

Saturday 1:00-4:00 p. m. and Sunday 2:00-4:00 p. m. Skating for people over 12 only.

No dogs at any time.
